

GLOBAL SOCIAL COOPERATIVE ALLIANCE

Institutional Blueprint & Operational Strategy | August 2025

A Private Sector Initiative to be Part of the Welfare
Development in the World.

Created by EUSL AB – Care to Change the World.

THE OPERATIONAL ENGINE OF THE CREATIVA UNIVERSE

CORE DEFINITION

GSCA is a top-level institutional entity within the Creativa Center ecosystem. It is established to govern and operationalize cooperative structures across global regions.

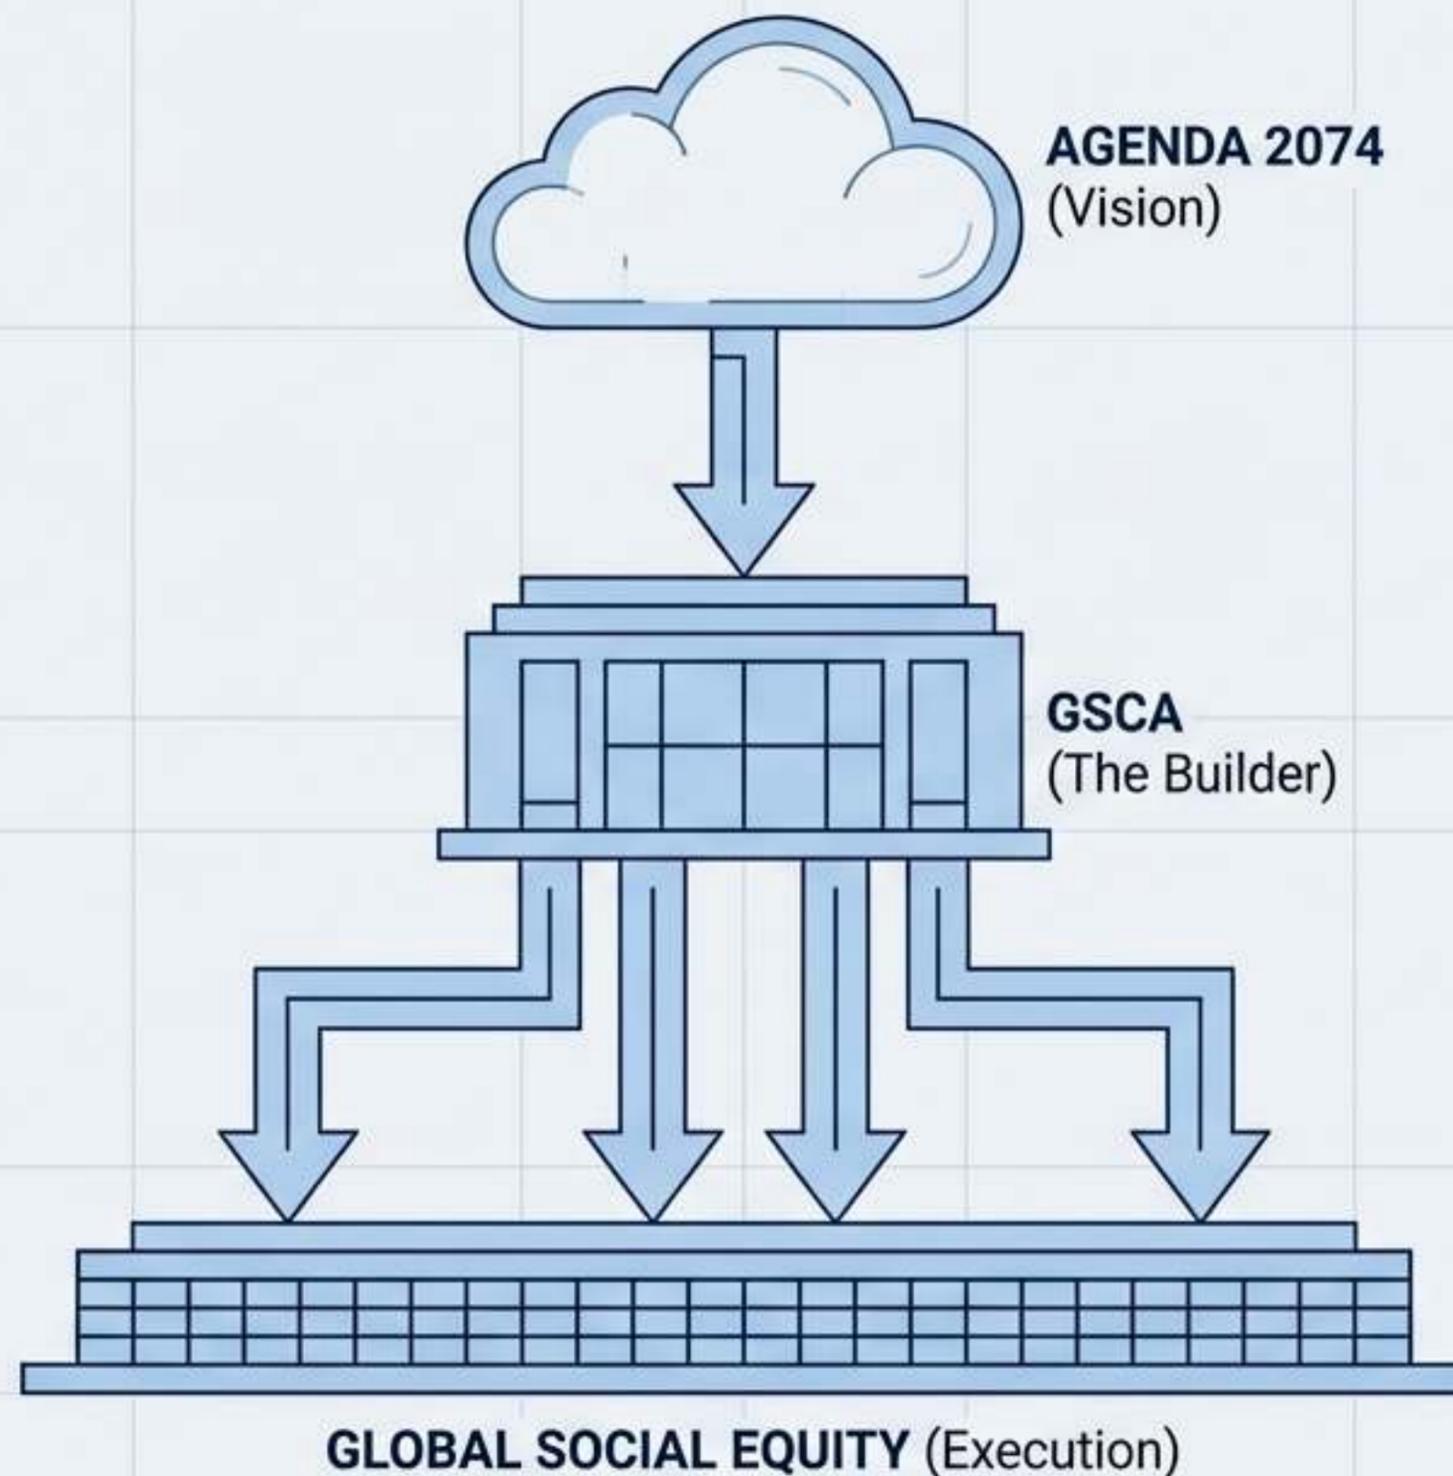

THE MANDATE

Unlike a simple coordinating body, GSCA is a governing alliance. It acts as the institutional host of the Pan-Continental Global Ground (PCGG), translating the "Agenda for Social Equity 2074" into tangible, scalable machinery.

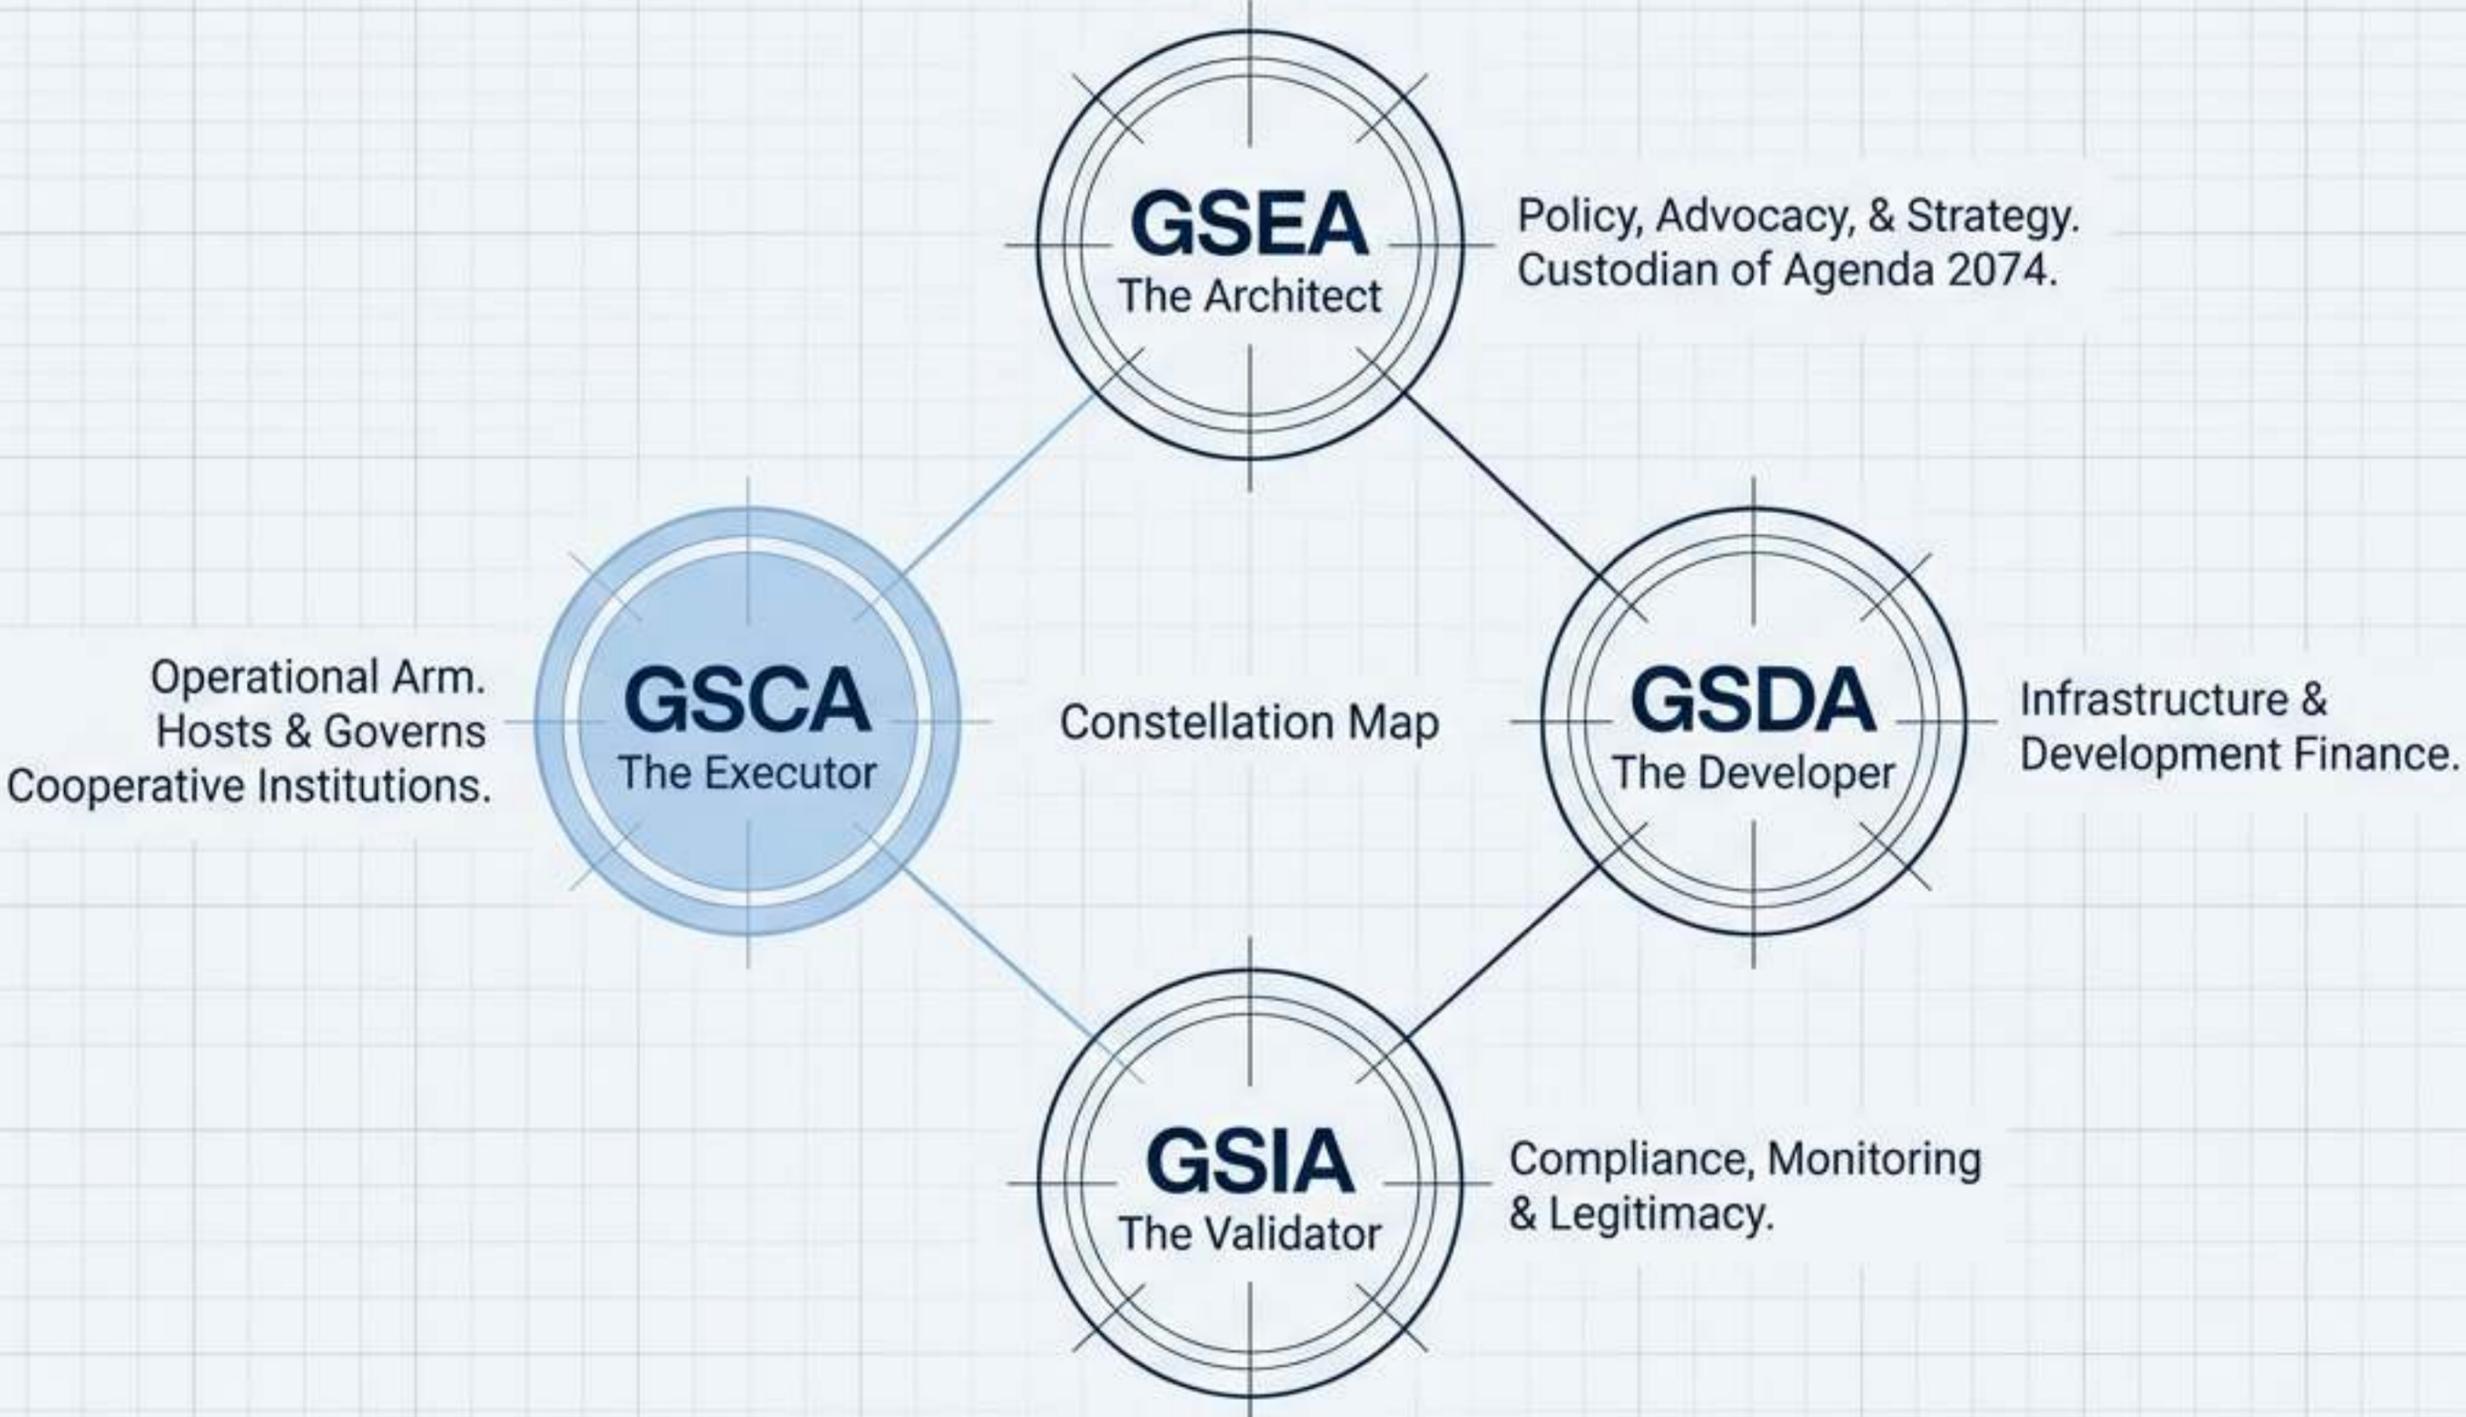

LEGAL STANDING

Registered as one of the eleven foundational Aktiebolag (ABs) under Creativa Center.

FROM VISION TO REALITY

Strategic Integration: The Four Pillars of the Creativa Universe

Operational Logic: GSEA designs the policy, GSDA funds the development, GSIA validates the compliance, and GSCA builds the structure.

The Strategic Mandate: Hosting the Pan-Continental Global Ground (PCGG)

The Five Core Components: Engines of Cooperative Transformation

CUWE

Workers &
Entrepreneurs

Platform for
collective
representation and
social protection in
productive activities.

CEIU

Employers
Impact Union

Chamber for
employers aligning
business conduct
with social equity.

CSIEP

Social Impact
Party

Political instrument
translating
cooperative values
into democratic
representation.

CGEI

Equity &
Inclusion

Strategic institution
for policy reform,
gender inclusion,
and social justice.

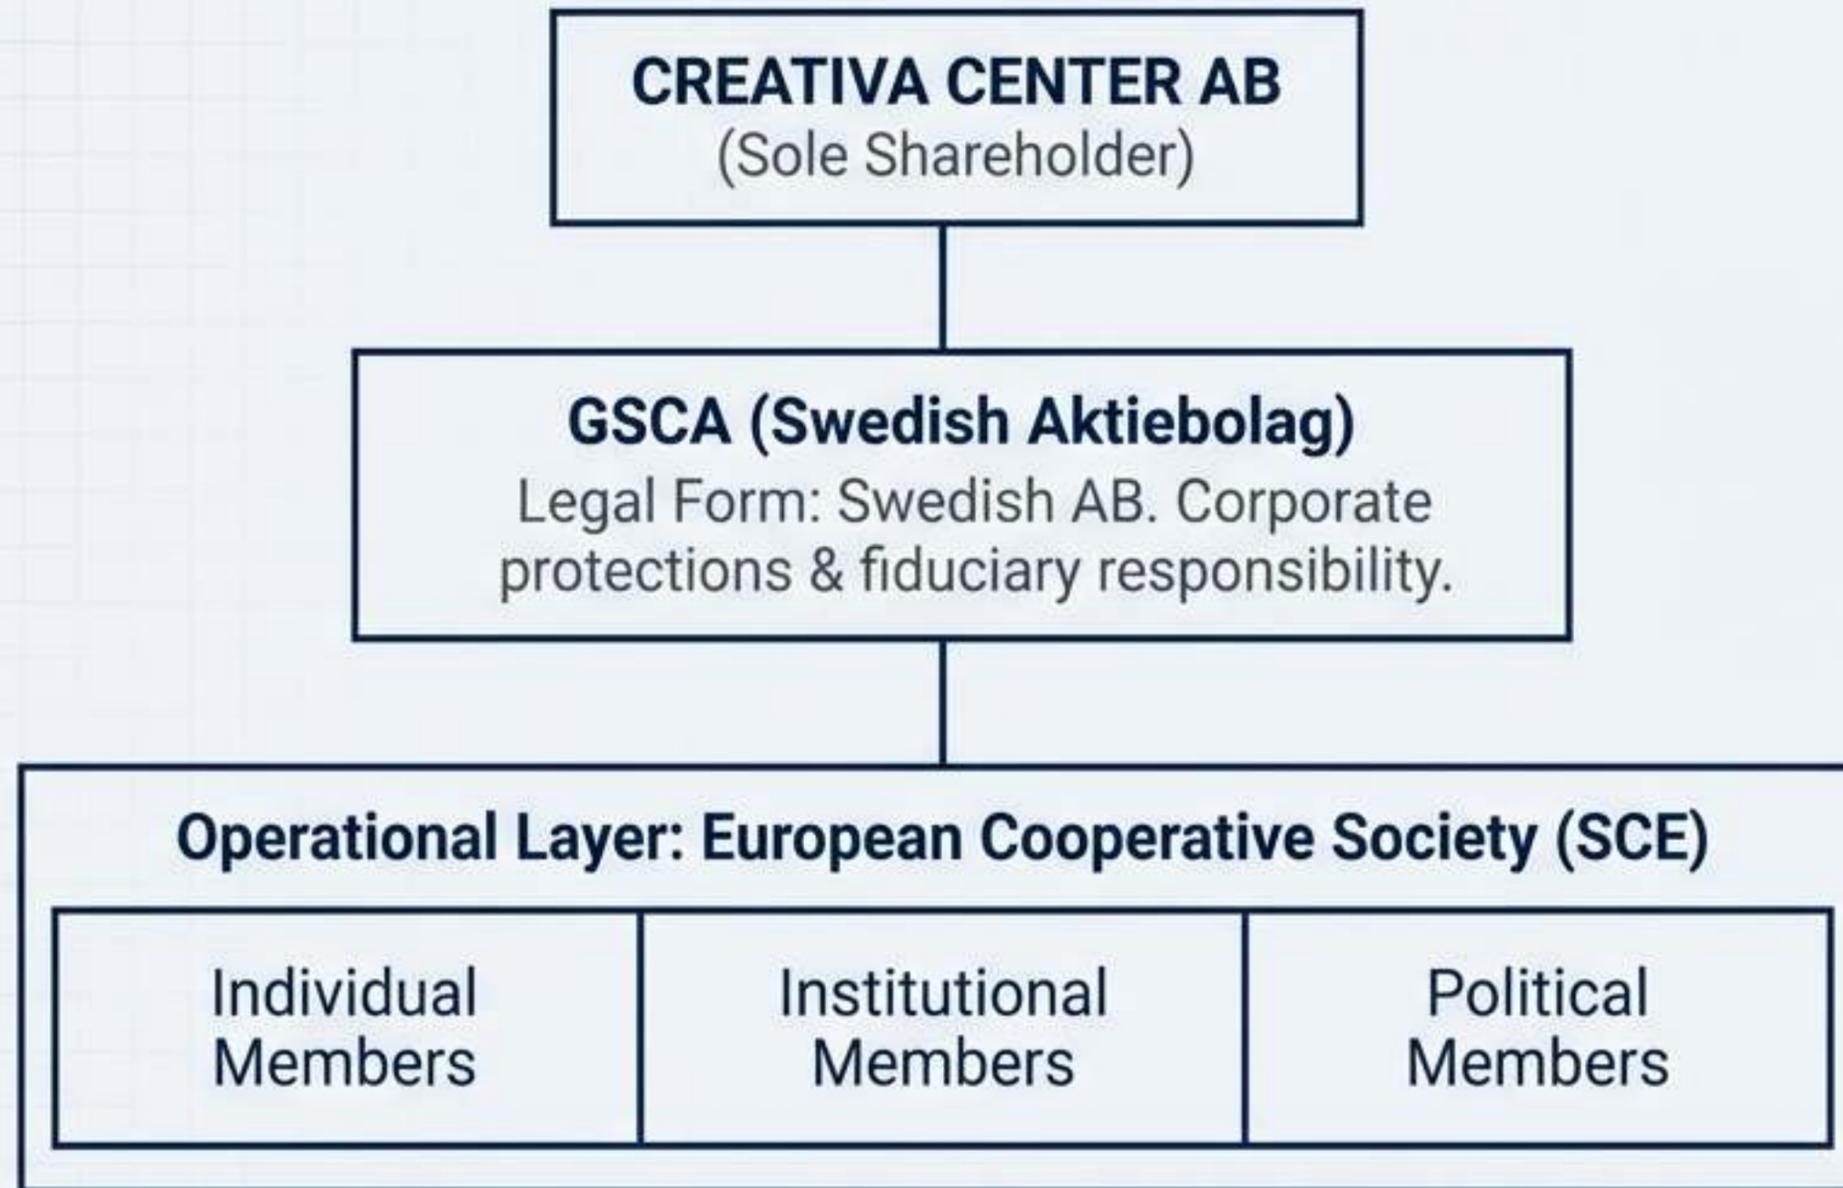

INWE

New Work &
Education

Think Tank &
Network for new
paradigms in work
and education.

Governance & Legal Constitution

Board Structure

- Chairperson
(Appointed by Creativa Center)
- Vice Chairperson
(Elected by Components)
- Observer Seat
(GSIA - Compliance Assurance)

Technology & Digital Ecosystem

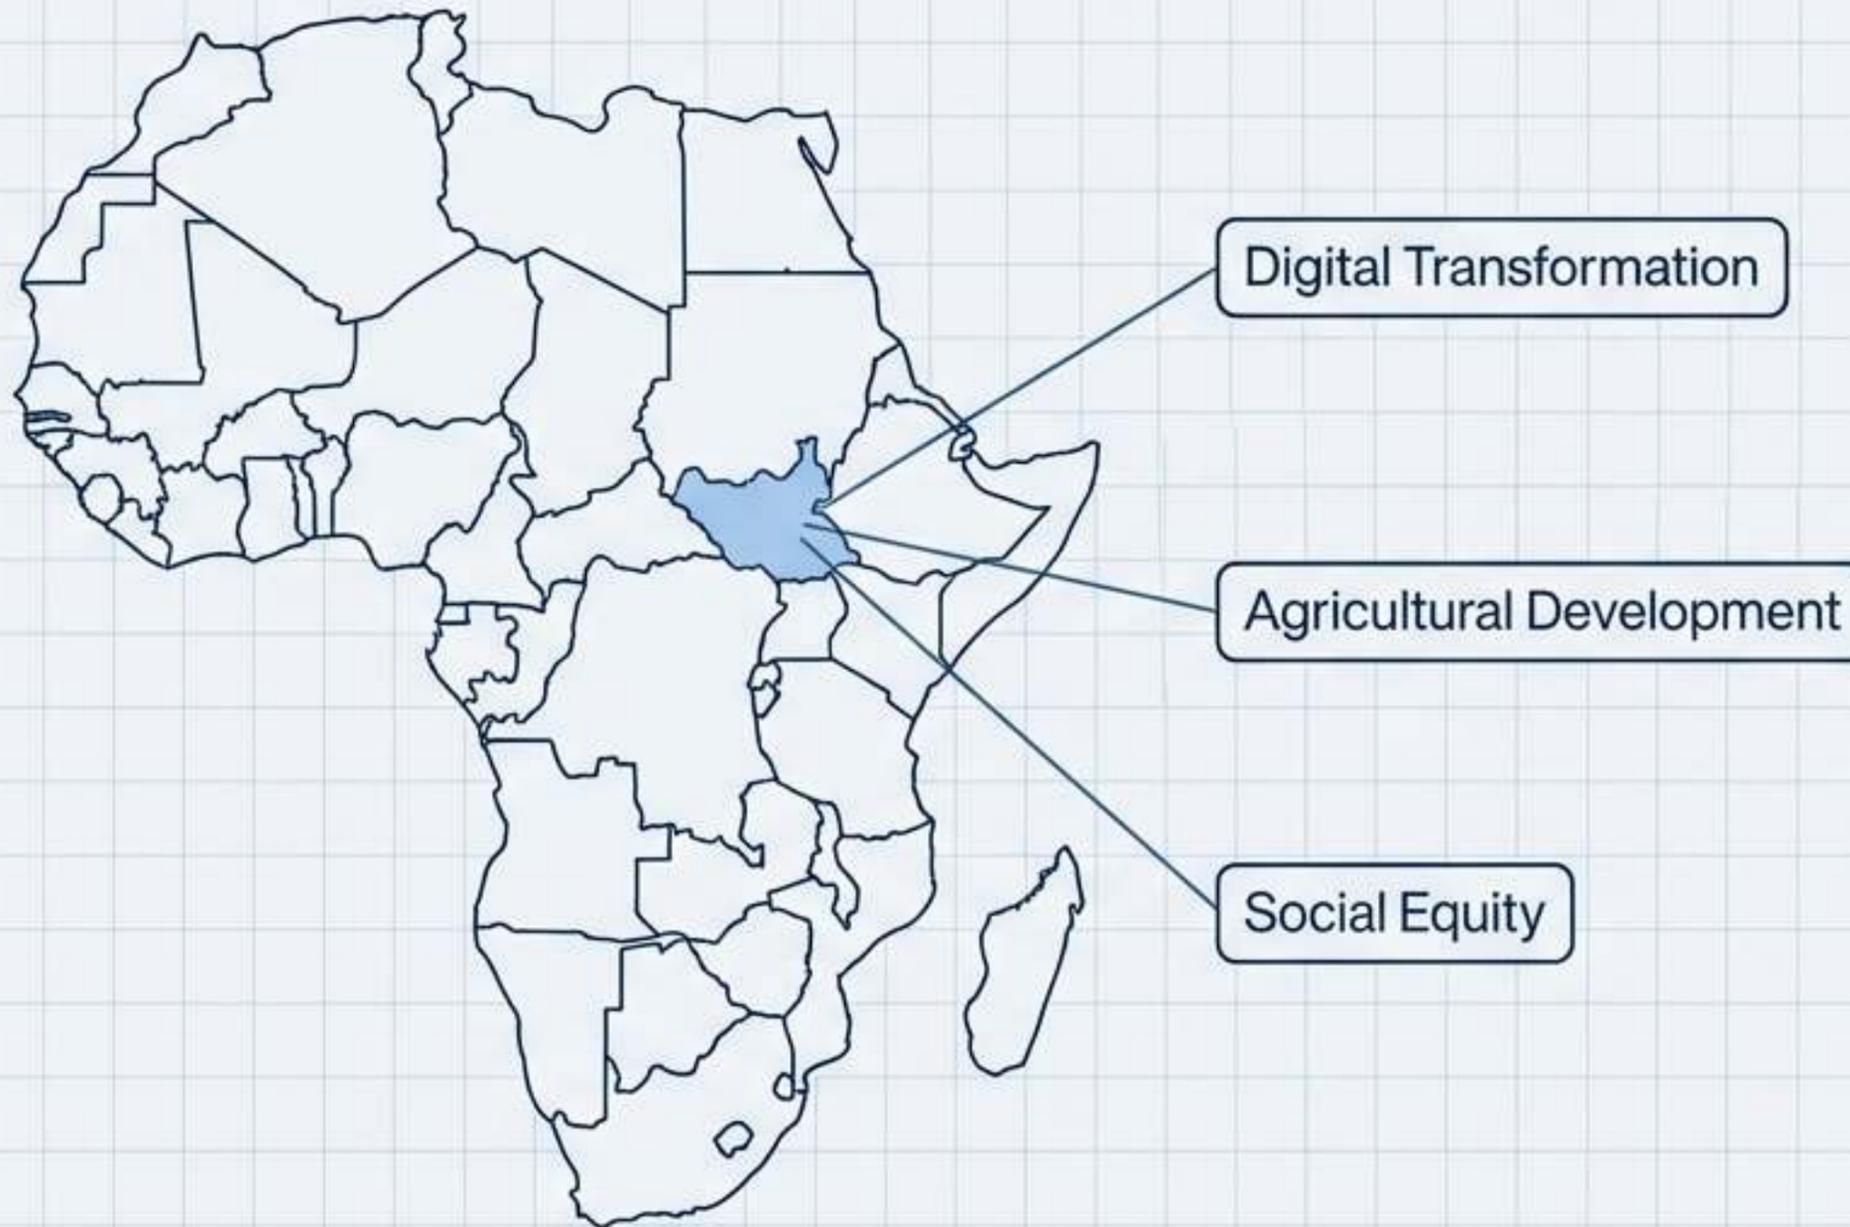

Future Innovation

- AI-Assisted Governance Tools
- Blockchain Cooperative Registries

Financial Model & Sustainability

Operational Strategy: The SUDESA Prototype

Case Study: SUDESA

Definition: South Sudan Digitalisation, Education, and Social Agency.

Structure: Co-owned agency between EUSL and Government of South Sudan.

Significance: Operational prototype for future regional units. Demonstrates partnership with national sovereignty.

Strategic Partnerships & Global Outreach

Multilateral Institutions

- African Development Bank (AfDB)
- SIDA
- Swedfund
- AP Funds

Regional Economic Communities (RECs)

- COMESA
- EAC
- SADC

Aligning cooperative models with regional development agendas.

Outreach Channels

CSIEP

Political engagement and electoral campaigns

CGSA

Council for Global Social Advocacy - Education and policy advocacy

Strategic Analysis: Navigating the Landscape

INTERNAL STRENGTHS

- Clear legal identity (Swedish AB)
- Integrated Ecosystem (GSIA/GSEA)
- Tech Stack (Microsoft E5)

INTERNAL WEAKNESSES

- Architectural complexity
- Dependence on early-stage political goodwill

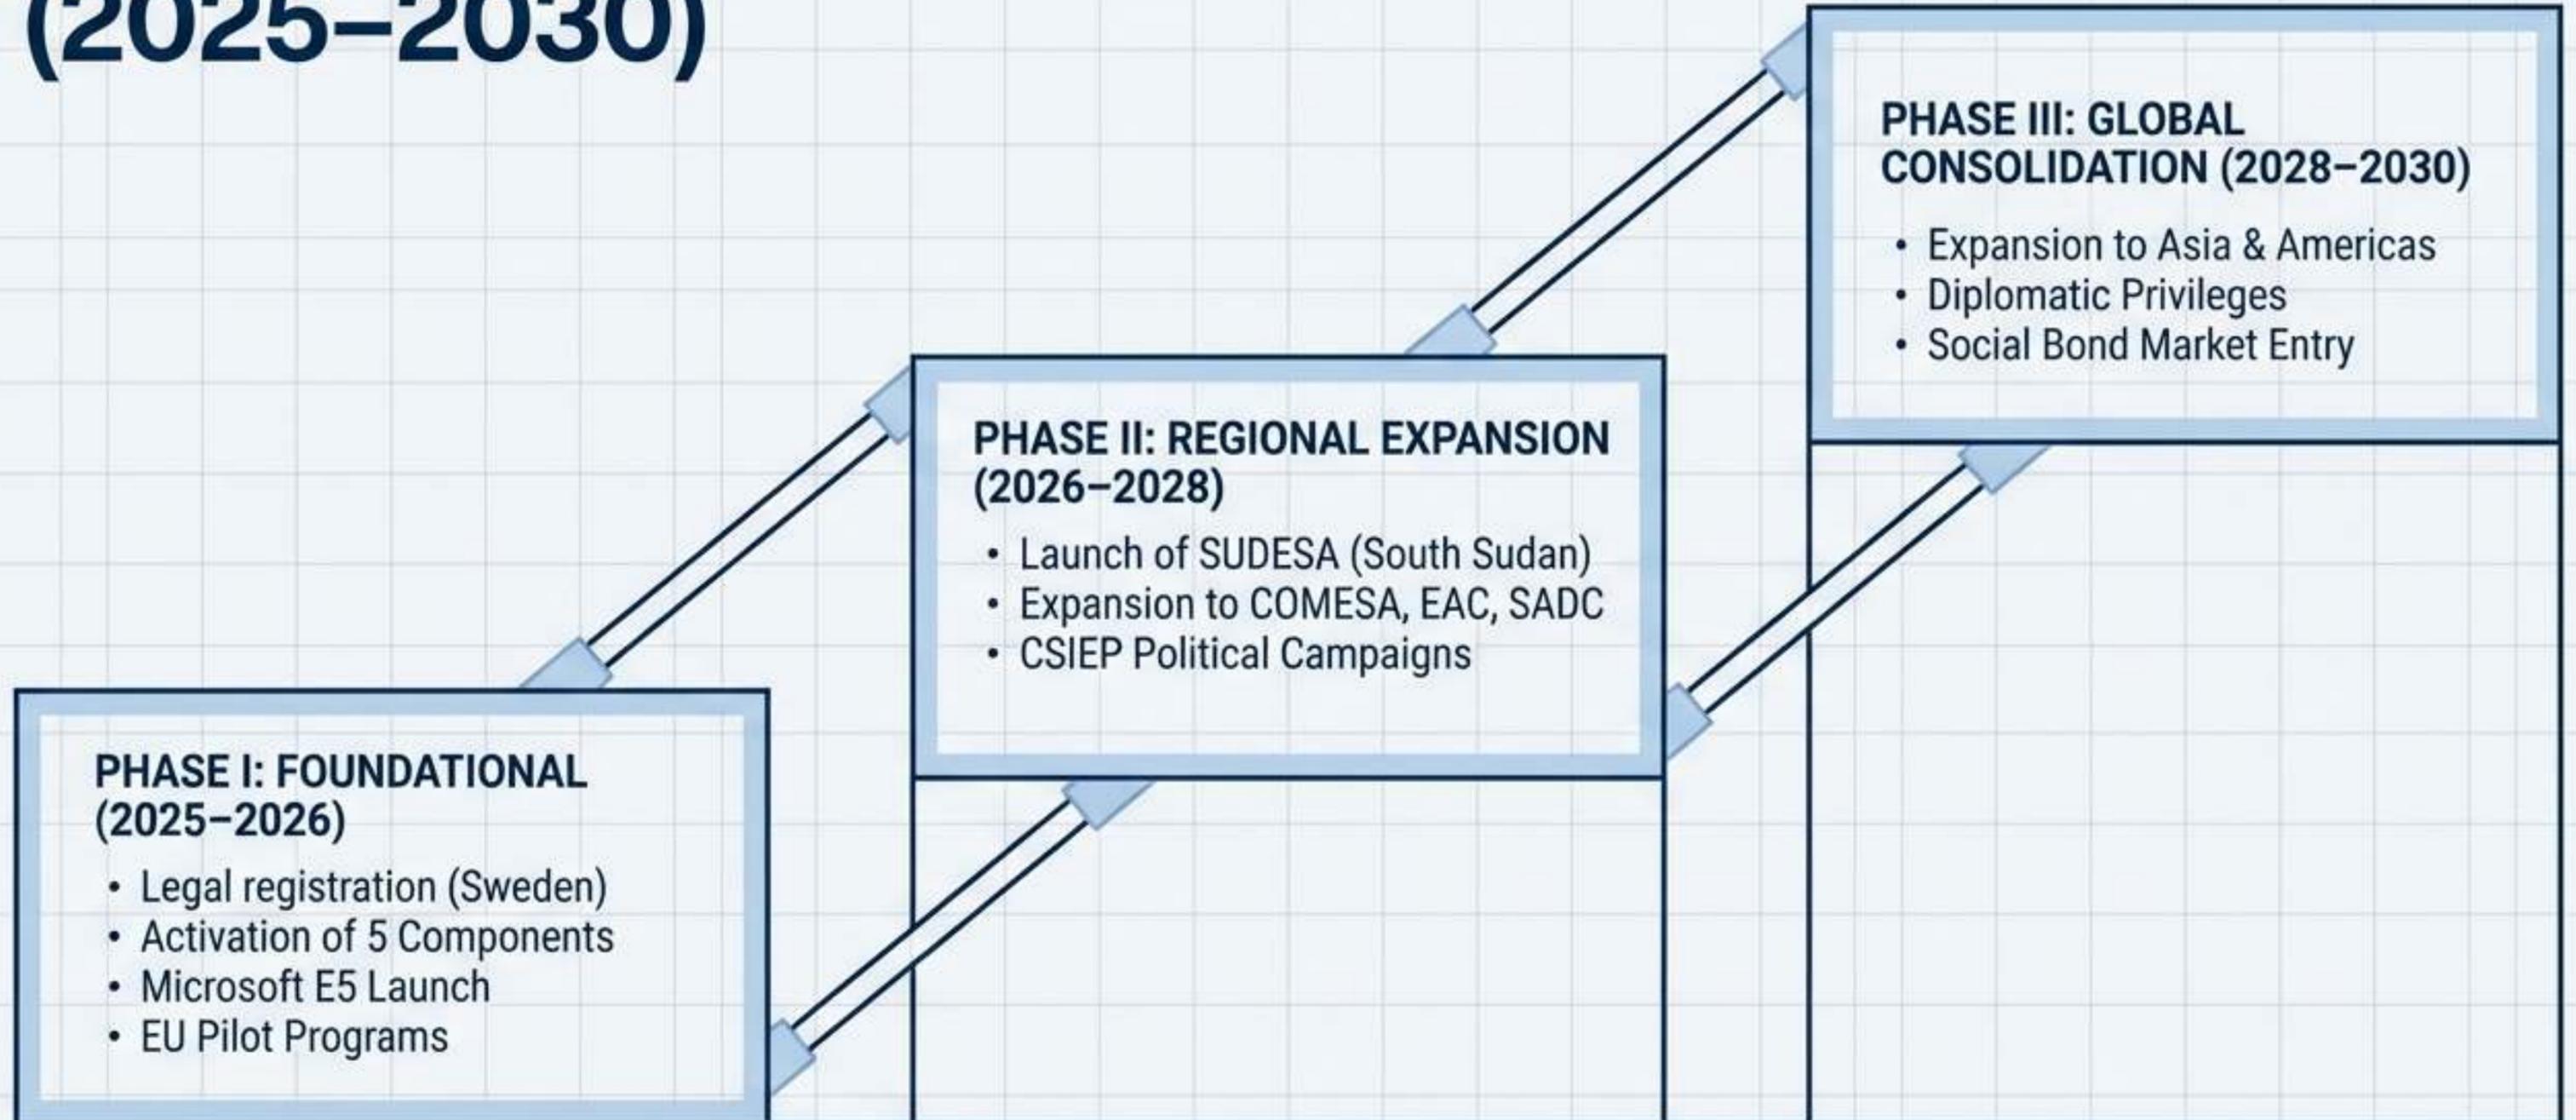

EXTERNAL OPPORTUNITIES

- Rise of Platform Cooperativism
- ESG/Impact Investing demand
- Digital governance trends

EXTERNAL THREATS

- Political volatility in fragile states
- Fragmentation of cooperative movement
- Cybersecurity risks

Implementation Roadmap (2025–2030)

A New Global Architecture for Social Progress

GSCA is more than a cooperative alliance; it is a strategic institution designed to host, govern, and scale the cooperative transformation of society.

A Private Sector Initiative to be Part of the Welfare Development in the World
